Thanks for check of \$3.84.
 Some time ago I sent several pictures: I hope

Of course you are aware of the fact that the
 medicine men do a great deal of harm "spiritually"
 among our Indians. I know very well that Fr.
 Ketchum tried his best to persuade the Indian
 Commissioners to do something toward curbing
 their activities, all his efforts proved useless, because
 it was argued that the medicine men were some-

Dear Father Neate:

I am somewhat uncertain as to what Bill you have in mind in your letter of December 28. I am inclosing copies of two of these Bills, either of which may be the one in which you are interested.

Please let me know which is the Bill you wish looked after, and tell what you wish to be done. If you do not want the Bill passed, you should give me the reasons and facts that will support any effort we may make in that direction.

Very sincerely yours,

Dear Father Neute:

Your letter of February 27, in reply to my letter of January 21, in regard to Senate Bill, 720, has been received.

I had a talk this morning with the Chief of the Land Division of the Indian Office, who by the way is a very good friend of ours, and brought to his attention your fear that this Bill, if it became a law, might deprive St. Andrew's Mission of the two tracts adjoining the mission, or at least prevent the mission ever acquiring title to them. After going into the matter quite thoroughly, this official assured me that there was no occasion for any apprehension on your part, that the Bill would in no way jeopard the mission's right to hold the land, and that if anything it would strengthen your right to it. I have accepted this opinion without reserve, and therefore think you need not give yourself any further worry about the matter.

With kind regards and all good wishes,

Very sincerely yours,

Dear Father Boll:

I enclose herewith Bureau check for \$1,000 to cover the gift of the Marquette League, which was promised you by telegram from Rev. William Flynn, Secretary General.

I attended a meeting of the Board of Directors of the Marquette League yesterday in New York and had the pleasure of recommending that \$1,000 be sent you immediately.

As the Marquette League has not the money in bank to spare, it was decided that they should make a plea for you. Mr. Heide, Jr., who like his father is a director of the League, promised to make up the difference, if any, between the results of the appeal and \$1,000.

The Marquette Leagues finds itself in the same dilemma in which the Bureau finds itself. We both wish to make an appeal for you, but lack the material both in pathetic facts and appealing pictures.

I do hope as a result of my last telegram that you will see these two necessities. You might have some of the Sisters write immediately. Have them tell the manner of the death of Sister Lucretia. Did she help to rescue the children? Or was she crippled so that she could not help? You should employ a photographer. And you should pose special pictures. In these pictures the children should not be dressed as for Sunday. The Sisters should be in the pictures with the children. The pictures should show action. They should not simply be stiff groups. If you will look at THE INDIAN SENTINEL pictures you will see what I mean. The photographer should be able to help you in creating action pictures.

By all means hurry the pictures to me and send copies also to the Marquette League.

I hope to make an appeal for you immediately. We will all pray for good results.

Yours fraternally,

Rt. Rev. Msgr. William Hughes,
Director.

Mother M. Killan, Superior General,
Convent of Our Lady of Angels,
Glen Riddle, Pa.

Dear Reverend Mother:

It was with great regret that I learned that one of your Sisters, Sister Lucretia, who entered your motherhouse at Glen Riddle from Philadelphia thirty-seven years ago, lost her life in the fire that completely destroyed convent and school at St. Andrew's Indian Mission, Pendleton, Oregon. The news of the heroism of the few Sisters who led to safety all the girls and small boys who were sleeping in the building, must have proved a great consolation to you.

I telegraphed to Father Boll, and asked him to ask the Sisters to send me information that I could use in the letter of appeal which I must send out for the purpose of getting help to rebuild the convent and school. In compliance with my request, Father Boll wrote and the Sisters wrote also. I can not gather from their letters any definite information as to just how it happened that Sister Lucretia was not saved with the children who were led safely out of the building. I am sure that all at St. Andrews are very much distressed over the disaster. I hesitate very much to urge them for more information, but it is imperative that I have pathetic or heroic details if it is possible to get them. I can not possibly come to the assistance of the mission until I have first appealed to the charity of the Catholic laity. You must have received detailed information from the Superior in charge of your Sisters at St. Andrews. May I ask you to inform me if the heroic Sisters were obliged to choose between rescuing their invalid Sister and saving the seventy-two little children confided to their care?

Father Boll informs me that the Sisters can not appear in a picture. It will be necessary for me to have a picture showing the Sisters and the children. It occurred to me that you might have some pictures of your Sisters with the Indian children. If you have any at all, I will ask you to note on the reverse side the names of the Sisters appearing in the picture, and send the pictures to me for selection at the earliest possible moment. I promise that I will return every picture to you safely. I know that you will cooperate with me in every way that you can so that I may make a successful appeal. The convent and school must be rebuilt and the appeal must be made to the laity while the tragedy is still fresh in their minds. I urge you to give this letter your immediate attention.

Yours in Christ,

Rt. Rev. Mgr. Wm. Hughes,
Director.

Rev. E. Boll, S.J.,
St. Andrew's Mission,

Dear Father Boll:

In the course of a conference I had yesterday with Commissioner Burke relative to the renewal of our Tribal Funds school contracts, he referred to the unsatisfactory condition of your school buildings at the time of his visit to your mission and the destruction of one of the buildings by the late fire and asked what was being done towards meeting the unfortunate situation. I told him that very considerable repairs and improvements had been made on the buildings following the adverse report of School Supervisor Coon and that plans for rebuilding were now under consideration by you. He then referred to the recent Government school buildings at Gentile, and suggested the possibility of leasing them to your mission, at a nominal rental. He spoke of "a dollar a year," but, of course, this was a mere figure of speech. I told the Commissioner I would be glad to consider his suggestion, and hence I am writing you this letter, following my telegram of today requesting you to await it before making any contract for building. It seems to me that it would be an excellent thing to take advantage of this opportunity. The buildings in question, of course, are far superior in every way to the mission buildings, and would enable you to carry on the school in a way that would be above all criticisms. I do not know what will be the rental charge, but I am inclined to think it would not be less than \$500 or more than \$1,000 a year. The repairs would have to be borne by you. The policy of the Indian Office in all cases of leasing of Government buildings is to require the tenant to make all necessary repairs.

I must ask you to treat this matter as absolutely confidential, telling no one about it, except the Sisters, and then to them only after they are bound to secrecy. If the matter becomes known, it is likely to bring about opposition and this might result in failure to bring the case to a successful conclusion.

The Hargrette League has sent on \$2,000 for you and I expect to be able to collect \$2,000 for you from the appeal that is now going out. This help would enable you to make the repairs necessary to put the Government buildings in proper condition for occupancy in time for opening of the new school year.

I am sending a copy of this letter to Father Pict and also to Mother M. Kilian at Glen Riddle.

I hope you will give this matter your very careful consideration and let me have your views in regard to it at the earliest day possible.

Yours fraternally,

Rt. Rev. Mgr. William Hughes,
Director.

Thanks for the supply of
 Quarterly Report Blanks. We have just finished a
 most important improvement in our Church. The
 word here is strong & a building must be solid
 indeed, to ward off its assaults. Towards the middle
 of the structure, right under the roof, the upper walls
 had been pushed out some 8-10 inches; we got a
 carpenter to push back the walls: it took some
 skill to perform this job, but thank God, it has been
 successfully accomplished. Now, the church stands erect
 once more, and, I dare say, stronger than ever, for
 it has been solidly braced both under the roof &
 under the ceiling. Our boys then went to work and
 painted the whole interior. These improvements made
 a deep hole in our already sorely depleted purse. But "do
 as much as you can for God" we are sure help will come.
 Yours truly

Reverend Monsignor:
 In answer to your communication regarding the use & lease of the agency buildings, must say that in as far as I am concerned, I would like to try the experiment. Of course I can do nothing unless I hear from Fr. Piet. In as far as I remember, we could even find room to hold our Sunday services there. Then again, we would be more centrally located, the freight handling would be considerably reduced, and we would live in the very neighborhood, where the first Mass was celebrated on the Reservation. We are now busy harvesting & preparing for the Corpus Christi procession. Thanking you for your great interest in us, I remain
 Yours truly S. Boll Sg.

Of course, I imagine there would also be trouble on account of the many government inspectors that would pester us with their many visits. Another thing that would also cause trouble is the fact that our own farm & garden would be 5 miles away. Yet in spite of these & other objections, I would favor the proposed experiment. However, I think that if every thing were clearly arranged, with clear specifications in the contract, many difficulties could be avoided.

Rev. Magr. William Hughes,
 Dear Magr.

I received your kind letter on my return from Baker. It would be a splendid thing to get the Gov. School, if it could be obtained reasonably. It is a nice place and half way to town. only five miles from Pendleton, and easier of access for the Indians than the Mission. It would also be easier to get electricity from town. The Indians are just now delighted with our Mission work as the great celebration on the Feast of the Sacred Heart more than pleased them. The Bishop and fifteen priests were present and the Indians marched, this year in their feathers and ancient regalia, a beautiful altar was erected and artistically adorned by the boys themselves. The Indians seem elated just now over this celebration many coming from Idaho to participate and the splendid success of the boys in school make it now the opportune moment to make the transfer alluded to. Yesterday I spoke with Father Roll and he is of the same opinion.

June 17, 1926.

Rev. E. Boll, S.J.,
St. Andrew's Mission,
Pendleton, Oregon.

Dear Father Boll:

Your telegram of June 14, advising that Father Piest authorized this Bureau to open negotiations for the rental of the Government school buildings at Umatilla, was duly received.

This morning Father Hughes and I had a brief talk with the Commissioner, in which he was told of this authorization, and asked to settle the question as promptly as possible, in view of the fact that you should know at an early date whether these buildings will be available, since if this matter fell through you would have sufficient time to do the rebuilding necessary at St. Andrew's before the opening of your school next year.

At the Commissioner's request, I have filed with him today a letter stating that we were prepared to lease the buildings on such terms as may be mutually agreeable. You will understand that while it is evident that the Commissioner wants you to have the use of the buildings, it is possible that the matter can not be put through. You must also realize that in all events it will take some little time to arrange the details in the event that a lease will be given us. Father Hughes is busy getting ready to attend the Eucharistic Congress at Chicago and afterwards to go to California. Hence this letter is written by me.

Yours very sincerely,

My dear Mr. Commissioner:

Referring to our informal conferences in regard to turning over to St. Andrew's Mission, on the Umatilla Reservation, at a nominal rent, for school purposes, the vacant Government school plant at Umatilla Agency, I beg to say that this Bureau, having been authorized by the authorities of St. Andrew's Mission to represent them in the matter, is prepared to lease said plant on such terms as may be mutually agreeable.

Dear Father Boll:

I have just learned that Commissioner Burke has called on the Superintendent of the Umatilla Agency, for a report and recommendation in the matter of the leasing of the Umatilla Government school plant, and that upon the receipt of this report, in case it is found feasible to enter into a lease, he will submit the matter to the Business Committee of the Umatilla Tribe for its action. It seems that this property is owned by the Indians, and that consequently no disposition can be made of it without their consent.

From this information you will know what the Commissioner had in mind in his statement in his letter of June 19, of which I sent you a copy a few days ago, that the Indian Office would "give a definite answer after it had made some further investigation of all the circumstances which may bear upon the proposition."

I do not know what kind of a man Superintendent Babcock is or what his disposition is toward your mission, and therefore am uncertain whether it would be well for you to see him. I leave this to your judgment.

July 6, 1926.

Rev. E. Boll, S.J.,
St. Andrew's Mission,
Pendleton, Oregon.

Dear Father Boll:

The matter of the leasing of the Umatilla Government school plant, I am sorry to say, is all "up in the air." The Umatilla Superintendent, in his report to the Indian Office which has just been received, states that quite a considerable portion of the buildings are now occupied and used by the Agency employees, and that to provide other quarters for these employees would entail an expenditure of about \$10,000. He also suggests that the turning over of the buildings to your mission might result in some friction between the Government authorities and the mission authorities. He expresses the opinion that, unless an adequate rental were charged, the proposed leasing from a financial standpoint would not be advisable. For these reasons he recommends that the property be not leased to St. Andrew's Mission.

Commissioner Burke is absent in the West and will not return before August 1. This morning, I took up the matter with Mr. Meritt, the Assistant Commissioner. He said, as I expected he would, that he did not feel like taking any action upon a matter that had originated with the Commissioner and therefore desired that the case be held up until the Commissioner's return. I told Mr. Meritt that you would want to open the school early in September and that if the property were turned over to you it would be necessary to make considerable repairs and improvements, and therefore it was important that action should be had before the Commissioner's return, and at an early day as possible. Mr. Meritt then said he would send the Superintendent's report to the Commissioner. I told him this would be satisfactory to us.

I am hopeful that the Commissioner will reach a decision at an early date, but am frank to say that I am somewhat doubtful if it will be a favorable one. I shall advise you promptly of any further developments as they arise.

Very sincerely yours,

Charles S. Lusk,
Secretary.

Dear Father Boll:

From the inclosed copy of Indian Office letter of July 22 you will see that Commissioner Burke has decided that he can not carry out his original intention of leasing the Umatilla Government school plant to your Mission.

It is really too bad that this should be the outcome of this matter. While greatly disappointed, I am not surprised at the adverse decision. After reading Superintendent Babcock's report on the matter, I rather expected that the Commissioner would conclude that he would not find it practicable to turn over the buildings.

Dear Father Boll:

Included in the money sent you for the past year from the Bureau fund was \$100 donated by the Holy Childhood Association. The Holy Childhood Association desires from all the schools receiving help from it a report of the progress made. Such a report in quadruplicate is enclosed, covering your school. Please fill out one of the copies and sign all the copies and return same to me. I will then complete the other three copies. Add to the report a brief statement under the head, "Remarks." The Holy Childhood Association needs this statement in order to encourage them to continue to send to the Bureau money for the Indian mission schools. Their special interest is converting pagan children. Tell about conversions of children and parents.

You will understand we did not send you \$100 extra, but, thanks to the Holy Childhood Association, we were able to send you the amount which we did send. Bear in mind that your letter will be forwarded to the Holy Childhood Association and should mention only the \$100 received from them.

Rt. Rev. Monsignor:

The gift of \$4,837 just came to hand. Money is greatly needed and I sincerely hope that before long you will be able to send me more. These days it is a very expensive thing to erect a new building. But even if you are able to raise considerably more than you have sent us, our financial difficulties will by no means come to an end. The building once finished must needs be furnished, and even though it be furnished, those who are to live in it, need also to be furnished. People with empty stomachs do not feel very comfortable even in a richly furnished apartment.

Thanking you sincerely for your timely assistance, I remain,

Yours in Christ,

(Rev.) E. Boll, S.J.

Just a few words. The new building is now in course of construction, but will not be ready before about the 20th Oct. The agent & co. are very active & try to make the Indians believe that, since we can't open at the usual time, they will have to send their children to Chemawa or some other such school. Rev. E. Boll, S.J.,
St. Andrew's Mission,

Dear Father Boll:

I am in receipt of your letter of August 22 to Father Hughes, who is at present absent.

For some years prior to 1902 what is known as the "Browning Ruling" was in force, in which it was held that "Indian parents have no right to designate what school their children shall attend." In 1902 the Secretary of the Interior directed that the Browning Ruling should be abrogated, and in a circular of the Commissioner of Indian Affairs to Indian Agents and Superintendents dated January 17, 1902, it was stated that this has been done. Since that time the right of an Indian parent to select the school of his choice for his children has not been questioned by the Indian Office. It therefore follows that Superintendent Babcock has no right to compel the children of your school to go to any Government school without the consent of the parents. You should make this clear to the Indians who are interested.

It would appear that Mr. Babcock is taking advantage of the fact that you can not open your school before October 20. But, as you say, you are not responsible for this delay. It is due, of course, to your having to put off starting the new buildings until such time as it was definitely settled whether or not the Commissioner's idea of turning over the Umatilla Government school plant to your mission could be determined.

This resulted in a delay of at least some six weeks, and made it impossible for you to complete the erection of the buildings by the usual time to open the school this year. The postponement of the opening of the school for a little over a month will not prove any detriment to your pupils. It is therefore evident that there is not the slightest excuse for Mr. Babcock attempting to take away the pupils from your school and place them in some Government school.

I am inclosing a copy of the revocation of the Browning Ruling. If you think it advisable you might show this to Mr. Babcock.

Very sincerely yours,

Charles S. Lusk,
Secretary.

It is quite possible that the receipt of which you speak came to hand; but unfortunately I can't locate it. I'm almost sure, however, that the parcel from Miss Harrington never reached us. It is my custom to acknowledge by return mail any shipment that reaches us.

The new building - a cement structure - is going fairly, and will probably be finished by about the middle of October. But we need money and a plenty if we are to start school. Fr. Provincial told me that I had to ask you for funds, as the Mission property belongs to the Bureau. The insurance was formerly paid for by Mother Catherine; we had the building insured only since 1921, yet our insurance (over),

Company paid us more than our premium called
for. I have an idea that the former Insurance
Company would give us something if they
were appealed to. Please, dear Father, try
to help us out or else we will have a
building ^{if it will remain} but - unoccupied. The furniture
will cost quite a little, as we lost absolutely
everything. And then to feed some hundred
hungry youngsters is not an easy task. So,
once more, I beg & plead for help - money
is what the Contractor wants... and we
need furniture, bedding...

Rev. Mr. William McLeod,
St. Andrew's Mission,
Pendleton, Oregon.

Dear Mr. McLeod:

I thank you for your letter of August 18th which reached me September 13 with pictures for THE INDIAN SENTINEL. I am aware that you sent pictures before, but as they were accompanied by no items that would be of interest in THE INDIAN SENTINEL, I was unable to make use of them.

While the picture of the Corpus Christi procession and the story would be of interest, I would not be able to use it except in one particular issue. Baseball pictures could only be used in baseball season. Pictures of altars are of no interest unless a missionary is shown at the altar while his Indians are shown attending the services. Unless pictures of individuals are characteristically Indian and the pictures themselves show action, such pictures are absolutely worthless for publication. Landscapes mean nothing unless there are Indians in the foreground to identify them as pictures of an Indian mission. The same is true of chapels, schools, etc. The close-up study of a fine old Indian is always welcome for the "Who's Who" department providing the story which it illustrates is worth publishing. Group pictures are hard to reproduce in half-tone cuts if out of focus. Unfortunately, the two good group pictures which you sent, showing the Bishop accompanied by priests and Indians, are very much out of focus and I doubt if we will be able to do anything with them. Attractive pictures of children, especially children poorly dressed can always be used. The picture is more valuable if the missionary or a Sister accompanies the children.

To reimburse you for your expenses in connection with the pictures which you have taken in the past and the pictures which I have just received from you, I enclose herewith check for \$2. In taking pictures for THE INDIAN SENTINEL, I would suggest that you limit yourself to such as are characteristically Indian. Of the twenty-three pictures just received from you, only three would be representative of Indian missions. The pictures show real interest, however, and it may be if you take a few pictures and send them in for inspection I would be able to advise you whether you have caught the idea of news interest, which I have tried to convey in this letter.

Yours in Christ,

Rt. Rev. McGr. Wm. Hughes,

Dear Father Boll:

I have received your letter of September 8.

I realize fully your great need for help, but owing to lack of funds, it will be impossible, I regret to say, to render you any financial assistance at this time.

I advise that you make an appeal to Rev. J. B. Tennelly, S.S.D., Secretary of the Indian and Negro Commission, 401 Michigan Avenue, N.E., Brookland, D.C., and to Right Rev. John F. Moll, Bishop of Fort Wayne, Indiana, who is the Secretary of the Home Mission Board.

I suggest that you include in your appeal the destruction by fire of your buildings, give the number of priests and Sisters in the school and the number of pupils, the cost of erecting new buildings, and the amount of money needed to meet this cost. You should also advert to the fact that the Commissioner of Indian Affairs was very much dissatisfied with the condition of your buildings before the fire and was insisting upon a marked improvement in them. You should point out that unless the new buildings would provide accommodations and equipment that will be satisfactory to the Commissioner, there is danger that he may insist that your school is not a proper institution in which to place Indian children. And that, in the event that your school can not be opened, the one hundred or more pupils who have been enrolled in it, the great majority of whom are Catholics, will be placed in Government schools, where they will come under Protestant influence.

In case you write Doctor Tennelly I should be most willing to strongly recommend at the meeting of the Distributing Board, to be held on November 11, the granting of a generous allocation to you.

Yours fraternally,

Rt. Rev. Msgr. William Hughes,
Director.

Rev. dear Father Tonnely:

I just made an appeal to Rt. Rev. Mgr. W^m Hughes, for financial assistance. But he informs me that he is utterly unable to help us. As you are aware, last April the Sisters' Building here was completely destroyed by fire. It was a very severe blow. One of the nuns perished during the conflagration. Some 70 Indian children were thus deprived of a Catholic education. In order to continue the work thus interrupted we started a new structure which will cost \$28,000, at the very least. We had

the old building insured, but the help we received from the insurance company is entirely inadequate. Unless we can obtain help else where, we will have to leave our poor Indian children, and hand them over to some godless institution, where they will lose their faith. The reason why we put up such an expensive building is, because the government authorities had found the old school unfit & unsanitary; they even went so far as to threaten to close our school. We are two priests & two lay teachers, besides six Sisters in charge of this Mission. May I ask you, to please, give us some assistance? Yours paternally

Dear Father Bell:

I have your letter of October 23. I am glad to know that the building is nearing completion.

I am sorry to say that the Bureau will not be able to give you the \$5,000 you ask. You say that Father Provincial advised you to apply to me. He probably meant for you to apply to the Board for the Distribution of the Lenten Collection. I have no power over the Lenten Collection. Whatever I have sent you I have collected by my own efforts.

As I advised you in my recent letter, you should apply to that commission of which Very Rev. J. B. Tonnally, S.C.S., D.D., is Secretary. Address him. Cardinal Dougherty is President. You should send your letter to the Bishop for endorsement and transmittal.

The Commission meets in Philadelphia November 11. It would be best, therefore, to address Cardinal Dougherty thus:

Your Eminence:

Meantime, I am sending copy of your letter to Father Tonnally so that he will have it before the letter endorsed by the Bishop arrives. I also enclose copy of my letter for transmittal to the Bishop, in case you have not already followed my previous suggestion in applying through the Bishop.
