My dear mission Friend:

Thanks once again for your continued supply of readable periodicals and double times a double thanks for your New Year's gift of altar linens, cincture etc. and fine sickcall case all which will serve in the honor and service of Him who is our King. I note that you begged these things. Keep on John, and when you have developed the habit you'll be eligible for admission into my new order of Mendicants of St. Andrew. The more I get acquainted with you John the more I realize that you have been traveling in good company. There is for instance your good Sister Martha of the Veroniques. You have every reason to be proud of her. Tell her and her associates my sincere thanks for the neat altar furnishings you got for St. Andrew's Mission. By the way I found a dollar bill in your letter that looked like a messenger from heaven. Thanks and Mass remembrance for you and yours.

Yours sincerely

 Dear Res. Mag.

Re my application for
 surplus articles from War Dept. I must say
 that as yet I have received no notice of
 shipment. But a few days ago when
 Omar L. Babcock, Supr of Umatilla
 Agency came to for help to handle older
 Indian boys expelled from Chemawa
 Govt School, he took occasion to assure
 me that my application for supplemental
 clothing supplies would be given
 attention to and here the matter rests
 except that you helped by thanking Mr.
 Babcock for his cooperation.

My dear Mission Helpers:

I just received for the chapel of my new school two nice gold plated pyxes and one set of devout Via Crucis pictures and I owe this refined gesture of Christian love to you. God bless you all! And sure I'll remember you all at the Altar. (Ah that reminds me I need an artistic little altar for September 8th close of distraction - again (Father Hughes will find a donor if you pray.)

You have prepared two hiding places for the King of the world en route to sick Indians and inspirational station pictures that bespeak the King's love and readiness to fight for the souls of poor degraded Indians.

A few days ago a 73 year old Indian reputed an outlaw even amongst his own was burned to death in his shack. Next day I told my Indians I thought he went straight to heaven - why? Well just before Christmas when threatened with pneumonia I bent the medicine man to his aid and with a broken crucifix, a few prayers, some talk thru an interpreter (his daughter) his bitterness vanished, the tiger became a lamb for shriving and Extreme Unction and after the Sisters and Indians made visits he did little else but pray and talk to God, for he had closed his eyes to outer things and turned to the interior and spiritual ones. How wonderful is God and mysterious in His loving dispensations! He had prepared that Poor old Indian for that fiery ordeal and with one cry he was in the arms of Our Father who is in heaven. But breathe one Ave for him and he will help me to pay for my new school and furnish it too in readiness for September 8th. I have to write anything except checks to pay my Master's bills and now in my old age I'm getting an awful talker and endless writer but I'm talking to friends and a volcano must now and then exhibit some fire-works. Here I stop back to the trenches! Pray for my mission. Its christian educationally ~~and~~ inspirational efficiency must be reflected in beautiful modern buildings and attractive surroundings that say God is good. Everything is free and every Indian child is welcome.

Yours gratefully for the baptized Indian boys and girls related brothers and Sisters of the Holy Child Jesus.

The Unknown Magazine Provider
(Mr. John McElroy)
Mass.

Dear Friend:

Your box of Labor periodicals and consular reports is resting easily here at St. Andrew's. In due course of time I vision the entry of the little Indian children in the big Federation of Labor. The realization of an ideal takes time and the Indian is seldom in a hurry. His motto might be: "Sufficient for the day is the work thereof." I fancy this formula for the Indian youth, "Play is work and work is Play." Athletics!

With this in mind I am dedicating 10 acres of land to school athletics. I need lumber for the grandstand and I want you to advise me as to the relative merits of hard or soft wood. Msgr. Hughes got me football suits of natty kahki for fall and winter wear and now I am scanning the horizon for baseball suits. What's a team without a uniform. We've got the team but the team has not got the uniform. Send this letter to one John McElroy of Boston to trace the book provider.

Yours faithfully,

Dear Mission Friends:

Thanks to your kindly interest in the honor of Christ the King of St. Andrew's Mission. We are in possession of a nice set of red Mass vestments and of a beautiful Benediction Burse with corporal, purificator finger towels etc.

It may interest you to learn that our fire destroyed boy's school has been replaced by a modern up to date fire proof building. The exterior shows a beautiful all but finished structure. The interior with the furnishings will be completed for September 1st. When funds are low prudence says go slow. We need your prayers that God may enable me to finance this worthy shrine of Christian Indian educational.

The Jesuit Fathers and the missionary Sisters of St. Francis are cheered by your sweet remembrance. You got the Oh's and Ah's of our little Indian boys and girls and you will have thr prayerful remembrance dur benefactors.

Yours for Our King

My dear good Mission Friends:

Lately I received a splendid box of Church goods to gladden the heart of our Sacramental King whose residence here was burned April 21. He will have a better residence, a new chapel in a new school now nearing the end of construction and the end of my finances if Monsignor Hughes fails me. But he never does. His resourcefulness in raising up friends for the devils' enemies and God's soldiers is marvellous.

My office woom in a shack is like a dug out in the war-front and I am afraid that I wrote a nice letter of thanks for a recently arrived box of Church goods to the Convent of Sisters of an order other than your own. Now having lost the sender's address, I am thanking you and your Association Mission Helpers for the beautiful things received here lately - altar linens, 2 pyxes, red and white Mass vestments.

Yours devotedly in the Indian cause,

Many thanks for the \$10 stipend. I am attending to the Masses 10. And John your periodicals and books are showing up with regular periodical cycles. For this thanks every time. Every message is a boost saying "Make good your ambition to make St. Andrew's the best equipped mission where meanders the Umatilla." Your church goods so superbly chosen connoted relationship with the Marthas of the Blessed Sacrament. What do you think of my new club, a package a week to St. Andrew's and a new member sworn in to do likewise obligated to secure a new member qualifying by doing likewise. Dear Father Corbett:

I have your note of recent date, for which I thank you.

During the quarter ended December 31, 1931, your school maintained an average attendance of 52, which was sufficient to warrant the payment of the \$125 which had been deducted from the September quarter payment because of the fact that your school maintained an average attendance of five less than that required by Mother Katharine. This \$125 should have been requested at the time the December quarter payment was made. However, I am writing today to Mother Katharine explaining the matter. As soon as I receive the check, I will send it to you.

I enclose our Treasurer's check for \$125 covering payment due you for the quarter ended December 31, 1931, from the M. K. Fund. As you know, this amount had been deducted from the September quarter payment because of the fact that the average attendance did not warrant its payment. However, the average attendance for the past quarter was sufficient to warrant the regular payment, plus the \$125 which had been previously deducted.

Dear Father Corbett:

I am in receipt of a gift of \$100 from a reader of The Indian Sentinel
for a small main altar for one of our needy Indian missions.

Will you be able to accept this altar? I can either send the \$100
donation to you and you can have the altar built at the mission or I can purchase
a small main altar constructed of plain pine wood painted in white and gold, 8
feet 9 inches high and 3 feet deep. (This is the only size altar I can purchase

More publicity is what you want. I am getting it for you. Therefore, I need more stories. These stories can be:

1. Any current news. Everything that happens in the missions is news. You would be surprised how interested people are. Give Indian names and English translations thereof.

2. Any serious or humorous incident.
3. Any historical incident about missionaries or Indians.
4. Tell anything about any good Indian, his name, where he is, in the Indian SENTINEL. Give Indian name, if any, with English translation, O.G. or Ref.
5. Stories about Indian children, humorous or edifying. Give Indian name, if any, with English translation. *Madison*
6. Spiritual progress made.
7. Your mission needs, great and small.
- Here is even the paper. Where is your pencil? Any paper will do.

This humorous little incident will perhaps reemphasize Whittier's poem, "School Days"

"I am so sorry I spelt the word
I hate to go above you!"

Little Joe although in our kindergarten was believed to recognise a little Indian maiden in the second grade. The little girl was very studious and exceptionally bright and was promoted. The teacher seizing this opportunity to encourage the remainder of the class and to correct any false impressions which might exist, explained-

"I would do the same for each of my other little boys and girls, if, only I saw they were in real earnest and worked hard to make themselves worthy of a promotion. Immediately Joe arose from his seat took the broom and began to sweep the class room. The teacher although surprised awaited the outcome of such an unexpected scene. When Joe was finished the class room was in order. Then approaching his teachers desk, he asked very much pleased with himself.

"Sister am I in the second grade now?"

Mission Needs:

A Holy Communion Paten for our chapel as we ^{have} never had one.

Bed spreads for the girls' dormitory.

My dear Mission Friends:

Your magnificent gift of \$100 for the erection of an altar in my new Indian Mission School made known to me on February 9 by Rt. Rev. Msgr. Wm. Hughes, Director of the Bureau of Catholic Indian Missions, has aroused in me a new sense of deep gratitude to God and you. May the Savior-Friend of the helpless little Indian children bless and reward you. In a few days an electrically illuminated cross will be planted atop my fine new school in preparation for the solemn triumphal procession of Our Eucharistic King on Corpus Christi Day, May 26. Our Bishop, Most Rev. Jos. F. McGrath will preside at the festivities.

I will send you some pictures through the kindly offices of Msgr. Hughes, the superb friend of our missions. The worries and preoccupations of building a new school in these hard times and the unfinished condition of the classrooms has held up the use of your kindly offering till the Blessed Virgin's month of May led us up to the glorious day of Corpus Christi.

You will hear from me again. Meanwhile, be assured that you are enrolled in the list of our mission benefactors for whom our prayers and sacrifices plead at the throne of grace.

In sincere appreciation of your Christian kindness and humble acknowledgment of your goodness, I remain

Yours devotedly for the Indian cause,

Dear Father Corbett:

I have your letter of June 9, copy of which I enclose.

Before leaving for a visitation of the Northwest missions, Father Hughes has directed me to write you on such matters.

I regret exceedingly that the Bureau has no funds on which it could draw a \$1,000 for material and wages on the new St. Andrew's School. The Bureau has been hit doubly hard by the depression. We find great difficulty in taking care of our old obligations.

The only source the Bureau has for getting money is The Indian Sentinel. Even in good times it is almost impossible to secure money for the erection of school buildings.

Yours very truly,

Dear Rev. Father:

I herewith enclose a snap shot of
the new St. Andrews Indian Boarding School of St. Andrews Mission.

It is a two story building of concrete hollow tile and brick in California Mission style with white stucco finish. Dimensions 132' x 43 ft. It is fire-proof throughout with no chimneys or fire place. It is heated from a central heating plant 75' distant. Near the heating plant is located the central lighting plant. The first floor is the home of the little Indian boys with a spacious recreation hall (concrete floor), dormitory, wash room, lockers, toilets, showers and two rooms and bath for the teachers. Two doors open to the outside on all rooms. Ascent to the second floor, devoted exclusively to class room work, is had by way of an indoor stairway off of the boys' recreation hall. The second floor has four well lighted standard class rooms facing east across the hall are the faculty and administration rooms and a private chapel. There is provided a comfortable rest-room for the teaching Sisters of St. Francis and toilets and lavatory for the little girls. During school hours with the arrangement of the class rooms, two

five standard class-rooms may be reserved exclusively
for the girls and two for the boys with complete separation.
Separate outside entrances are provided for boys
and girls. The building is steam-heated throughout
with modern plumbing, hot and cold water, drinking
fountains etc. The building is surmounted by an
electrically illuminated Cross for festive occasions.

With ample class-room accommodations for 150 grade
pupils in the new building, the other building may
serve as the Indian girls' dormitory-homes with better
facilities for the teaching Sisters. St. Andrews Mission
can provide a Christian School home to the little
pagan Indian children of all Eastern Oregon
as soon as Catherine Tokakivitcha raises me a loan
or gift of \$10,000.00. I have put my case in her
hands. Surely she will not turn a deaf ear to the
mute pleadings of the poor little Indian children
we union ^{prayer} sponsors devotedly in the Indian Cause

Dear Father Corbett:

Included in the money sent you for the past year from the Bureau fund was \$100 donated by the Association of the Holy Childhood. The Holy Childhood Association desires from the schools receiving help from it a report of the progress made. I enclose such a report in quadruplicate covering your school. Please fill out one of the copies and sign all the copies and return the same to me. I will then complete the other three copies. Add to the report a brief statement regarding the work. The Holy Childhood Association needs this statement in order to encourage it to continue to furnish the Bureau money for the Indian mission schools. The Association's special interest is converting pagan children. Tell about conversions of parents and children.

You will understand that we did not send you the \$100 extra, but, thanks to the Holy Childhood Association, we were able to meet fully our obligation to you for the past year. Bear in mind that your report is to be forwarded to the Holy Childhood Association and should mention only the \$100 received from it.

Will you kindly attend to this matter at your earliest convenience?

Very sincerely yours,

My dear Father Corbett:

Your letter of July 26, addressed to Supervisor Thompson and inclosing pictures of your new school, was received and noted with considerable interest.

The Office appreciates your attitude toward taking the children from the Indian colony at Burns, Oregon. You realize that it is the general policy of the Office, as well as of outside influence such as yours, to keep the Indian children in their homes and educate them therefrom as far as possible. We feel sure that you, in consultation with Father Looser, Superintendent Perkins and Day School Teacher Talley will make careful investigation of homes from which these children are to come and be guided accordingly. That is to say, if the home conditions are such that children can stay comfortably and go to school we greatly prefer that.

We appreciate that it would increase the efficiency of the teaching work at Burns colony to have the number in the day school decreased and also give Mr. Talley more time to do community work, which, as we understand, is badly needed there.

A copy of this letter is being sent to Father Looser, Superintendent Perkins, Mr. Talley and Monsignor Hughes.

Sincerely yours,

Dear Father Corbett:

Copy of the letter of August 5 from Commissioner Rhoads to yourself has been sent me and Father Looser.

As I have not before me copy of your letter of July 26 to Supervisor Thompson, although I have copy of Supervisor Thompson's letter of August 5, I can not judge what you and Father Looser propose. You two are the best judges of what should be done in the circumstances.

But Father Looser is doing such an unusually good job, I think you should hesitate to take into your boarding school the Indian children under his instructions at Burns.

From the Government's point of view, only children with other school facilities and from the Church's point of view only children without proper religious instructions should be taken into our boarding schools.

However, you and Father Looser are the best judges.

Since the Government has been closing some boarding schools and cutting down the number at others, supervisors and superintendents have been "passing the buck" to our mission schools.

I know and like Thompson very well. But our mission schools can not assume Government burdens.

Commissioner of Indian Affairs,
Washington, D.C.

Sir:

This morning Father John T. Corbett came into my office and asked me for suggestions relative to the organization and conduct of the Indian Mission Schools. I made the following suggestions for his consideration,

1. That he promulgate a set of rules for the government of his school, setting forth therein the visiting days and vacation times.
2. That he use blanks similar to our application for enrollment in a nonreservation school, by means of which he will be able to secure necessary information relative to the education of the children who come to him.
3. That, through the board of Catholic Missions, the Priests in the various parishes from whence come his children be given the power to receive these applications and forward them to him for administrative action, prior to sending the children. This seems to me to be a very necessary thing, in order to relieve Father Corbett from a great deal of administrative embarrassment, by having Indian parents drive up to the school and, without seeing any of the authorities, leave the children to be cared for. This is true, not only of the Indians of this reservation, but also those from other reservations.
4. That, through the various parish priests, above mentioned, he disseminate the information that his school can not be used as either a penal institution nor an orphan's home, to simply meet the convenience of the parents. Such an attitude distracts from the beneficial results of the school work and hinders the entire scholastic body in the proper advancement in the classes.

[enclosure 2]

5 That, where possible, Indian parents be required to pay some part of the expense of education, in order to aid in relieving the dire financial straits in which Father Corbett finds himself at this time.

I am writing this letter with the full knowledge and approval of Father Corbett and am sending it to you for your information and as an aid in discussing the needs of this institution with Father Hughes. I am deeply interested in the successful operation of this school, and feel that it has a distinct work to perform. If it were possible to make any contribution in the way of tuition for indigent Indian children, or otherwise, I would heartily recommend such action be taken.

The physical plant is now in very good condition, in that an old building, which was illy adapted to school purposes, was destroyed by fire, and has been replaced by a modern, fireproof building, well planned for the use to which it will be put.

I must take this opportunity to commend the administrator, Father Corbett, for the zeal with which he has furthered the interests of the institution, and the whole hearted sacrifice which he has made to its cause. He is feeling the financial stress of the times and has contracted bills, connected with the new building and the conduct of the school, which have added greatly to his administrative difficulties and which will have to be alleviated in some way as the school continues.

As stated above, I am greatly interested in the institution and feel that a discontinuance would be little short of a calamity, and, hence the reason and purpose of this letter.

Very respectfully,
(Signed) O. L. Babcock,
Supt.

Dear Father Neate:

I have your letter of August 25, which was forwarded to me in the Southwest.

I am sorry to hear of Father Corbett's poor health. He no doubt worried about the debt.

I thought that he would stay within the limits of the insurance. But I am sure that the investment is a good one. I wish that I might help you. But my only means is the Indian Sentinel.

The Bureau will continue to send the 30 stipends to Father Bell. It will also send you 50 at a time while it has them, with the understanding that you will use these to fill up what you otherwise lack. Ten days or two weeks before you would run out, please ask for intentions. Copy of this letter goes to Washington where it will surely arrive in five days. Your list of fifty will be made up the same day, so that you can start saving the intentions.

I will ask for candles in the next issue of the Indian Sentinel which is going soon to the printer.

R. 1, Box 58

Dear Father Neute:

On October 31 I received your note, copy of which I enclose.

Many thanks for your promise to say 20 Masses, second intention for the Bureau's purpose.

I can understand that you are, indeed, crushed under the burden of \$25,000 debt on the new building. The only means which I have of appeal is through The Indian Sentinel.

It is possible that the Bishop may be able to request the American Board of Catholic Missions for a donation. That Board meets in Chicago. I do not know the date. It will probably be either before or after the meeting of the Bishops in Washington. The Washington meeting is held sometime soon after election day. Since the A.B.C.M. holds as a first principle the building of new units, usually, church, priests' house, school and convent over a period of four years or more, your building may appeal to them. However, it is my impression that the A.B.C.M. principle applies to totally new missions.

In the matter of the foregoing paragraph, I wish to urge on you two cautions. First, I know nothing authoritative about the A.B.C.M. And, secondly, your Bishop has previously ~~urged~~ urged at my writing to his priests under similar circumstances. But I see no reason why you can not take the initiative with him.

With regard to Mass intentions, I thought I made myself clear that you were to ask the Bureau to supply your own needs, which it will do as long as it has Masses.

Put in the same request to the Bureau for your assistant or assistants. I suppose you now have only Father Lajoie. We have been sending you 50 at a time. Hereafter, we will send you 100. When next you write, ask for 100 and I will understand you want them.

Yours fraternally,

Rt. Rev. Msgr. William Hughes,
Director.

I doubt that you will be able to get anything out of the A.B.C.M. this year for St. Andrew's, first, because money must be short with the A.B.C.M. as with everybody else and, secondly, because the A.B.C.M., I understand, through Cardinal Mundelein has pledged for Alaska \$25,000, payable this year but chargeable in the Board's report over a period of five years at \$5,000. I only know what I hear on the sidelines.

Dear Father Neate:

I have your letter of recent date, copy of which I
enclose.

On October 4, the Commissioner of Indian Affairs sent
circular letter No. 2885 to all superintendents in which he says:

"Cotton goods may be issued to mission schools
on the same basis as flour is issued; that is,
only those schools which have taken in addition-
al pupils as a relief measure are entitled to
such assistance."

You should present the mission school's needs to Super-
intendent Babcock for a supply of flour and/or wheat and a supply
of cloth, at least for the extra children taken in because of hard
times.

If Superintendent Babcock does not give you a supply
from what he has on hand or if he has not the supply on hand and
does not send your requisition to the Indian Office, notify me
promptly. I will then take the matter up with the Indian Office.

I enclose extra copy of this letter which you may show
to Superintendent Babcock.

Yours fraternally,

Rt. Rev. Msgr. William Hughes,
Director.

It is not too late but the time is getting short. Most
of the requisitions are in Washington now.

To All Catholic Indian Missionaries:

Referring to my circular letter of October 7 to all Catholic Indian missionaries, I would be pleased to know the quantity of flour and/or wheat your mission school received from the second appropriation. I would also like to know the number of yards of cloth from the only appropriation you received.

Yours fraternally,

Rt. Rev. Msgr. William Hughes,
Director.

Rt. Rev. Mr. Hughes,
 Rt. Rev. Dean Benson,

Our Agent here Mr. Babcock,
 after promising us a good amount of flour,
 notified me Today we would get none at all.
 We have never received one grain of flour
 nor any childrens clothes nor clothe to
 make any. It is surprising that this Mission
 which is feeding 71 Indian Children has
 never received any thing from the
 Department, though all other places are
 assisted so generously.

He sent 20 Under-shirts & 20 Drawers for men
 which were 1 hour, three yrs. here in the
 commissary. I don't expect any thing
 as long as he is here. But surely the
 Department would remedy things & advise
 correctly.

The Red Cross Chairman here said He received a
 letter from Headquarters in Los Angeles that they could
 give nothing to Mission Schools.

Dear Miss Regina Schneider:

We thank you very sincerely for your kind remembrance of our needy mission, in providing a beautiful Communion plate.

Your kind offering will be a ~~happy~~ pleasing tribute to our dear Lord on His Eucharistic Table and, we trust, a perpetual remembrance of your dear parents in whose memory the beautiful gift was made.

We shall place you among the benefactors of our mission and assure you of our daily prayers for yourself and dear parents.

(Signed)

Most sincerely yours,

Dear Father Neate:

I have your letter of December 22, copy of which I enclose.

I took the matter up with Mr. ^{E. J.}Robert Armstrong, Assistant Finance Officer, Indian Office. He told me that Superintendent Babcock's requisition for flour and cloth has already been sent by the Indian Office to the Red Cross. Your needs were not included in that requisition. However, Superintendent Babcock's requisition has not yet been filled. Mr. Armstrong tells me that in order to expedite matters, you could send me the amount of flour and cloth you need. I will then transmit your request to the Indian Office. Mr. Armstrong would then have your needs included in Superintendent Babcock's requisition.

You should, therefore, send me this information promptly.

Yours fraternally,

Rt. Rev. Msgr. William Hughes,
Director.

George Washington

Every Indian boy and girl loves and honors George Washington. No other American do we esteem so much. We love him as an athlete, as a brave, and as the Father of our country.

Washington was born in Westmoreland County Feb 22, 1732. He was of English descent. While at school he was a very good athletic. The other children loved him and often chose him as judge to settle their quarrels.

When he was a young man he fought in the Last French War. Later he was made commander-in-chief of the army during the

Revolutionary Star

As he grew older the people loved him more, they ^{made} him their first President in 1789. He served two terms. He was always interested in the State and did everything he could to have it settled. He died at Mount Vernon, December 14, 1799.
