Presentation of *Linacre Quarterly* Award

The annual *Linacre Quarterly* Award was presented to Rev. John R. Connery, S.J., professor of theology at Loyola University, Chicago by Dr. John P. Mullooly at the annual meeting of the National Federation of Catholic Physicians' Guilds in October, 1981.

The *Linacre Quarterly* Award is presented to the author of the best article which appeared during the previous year. Father Connery's article, "Prolonging Life: The Duty and Its Limits," appeared in the May, 1980 issue of *Linacre*. The article was singled out for its adherence to magisterial teaching on ordinary and extraordinary means and its clinical application of this distinction.

Father Connery has published widely in medical, moral and ethical matters in *Theological Studies*, *Homiletic and Pastoral Review* and many other periodicals. He is the author of *Abortion: The Development of the Roman Catholic Perspective*.

Father Connery has been advisor to the bishops of the United States in an official capacity with committees of the National Conference of Catholic Bishops.
