**A Message from the
Archdiocese of San Francisco**

ARCHBISHOP MCGUCKEN

I feel highly honored that the year's first printing of *The Linacre Quarterly* will be designated as the San Francisco issue. Here in the City of Saint Francis we have many institutions dedicated to medical science and to the healing of the sick. There is a keen interest in all questions which involve "medical morals," as well as a conscientious interest in the solution of the difficulties which frequently present themselves in these fields. Knowing well the positive and correct contributions of *The Linacre Quarterly* in this field, I assure you of my prayers that God may bless in a special way the forthcoming issue dedicated to the City of Saint Francis.
