The President's Page

John R. Cavanagh, M.D.

I have just returned from Portland, Oregon where I attended the Annual Meeting of the Federation. As usual, it was an excellent meeting, but not as well attended as it should have been.

Our next Annual Meeting will be in Washington, D.C. on September 8, 9, 10, 1975. Our plans are moving forward and although the program is not complete we are looking forward to an excellent meeting with the papers centered around Euthanasia.

This will be our first National Meeting with the Chaplains who will join us for a half a day. The meeting will be in the Sheraton Park Hotel and I am looking forward to seeing all of you there.

This will be the first year also that we will meet separately from the American Medical Association. It will be a test which I have been enthusiastically waiting to make. Let us prove that we can have a good meeting apart from the American Medical Association.

While the program is in its formative stage I would welcome your suggestions as to papers and speakers.

I appreciate very much being elected President and with your help and that of the other officers, I look forward to a very successful year.

John R. Cavanagh, M.D.
