REPORT OF THE EXTENSION COMMITTEE

SINCE the annual meeting of the Executive Committee of the Federated Catholic Physicians' Guild the Extension Committee has received inquiries regarding the formation of guilds from the following Dioceses: Pittsburgh, Pa.; Sacramento, Cal.; Los Angeles, Cal.; Galveston, Texas; Fort Worth and Dallas, Texas; Dubuque, Iowa; Louisville, Ky.; and Baltimore, Md. One request was received from a Doctor Hargarten at Saskatchewan, Canada. He was anxious to obtain information on the Guild with a view toward establishing a guild or becoming an associate member.

In the course of the year all the necessary information on the Federation was sent to all those interested, either in associate membership or the formation of a guild.

In January a resume of the Aims and Object of the Guild was sent to His Eminence, Patrick Cardinal Hayes, so that he might in turn obtain, if possible, the sanction of His Holiness to further the work. Immediately upon the receipt of approval from His Holiness it is planned to make a greater effort to initiate chapters throughout the country.

A Pure, Palatable, Carbonated

PREPARED WATER

THERE are many conditions, no doubt, where you will want your patient to increase his daily intake of water. In such cases, why not suggest the use of Kalak Water, the palatable, carbonated alkaline water prescribed by physicians for over twenty years.
